

Buller 'Y' Post Timber Skillion Shelter

The Buller range of picnic and BBQ shelters takes the lead from the Snowy Skillion and adds a new look with a single 'Y' shaped post at either end. The maximum roof size from front to back is 3.0m using the single post, however literally any length can be achieved as our design is modular.

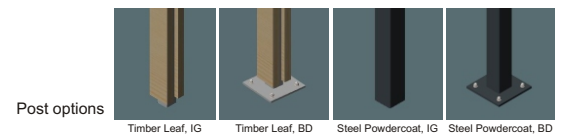

Standard Sizes in metres (Measured at the roof line)

Measurements are front to back, then left to right

- 2x2
